POINTS OF INTEREST (POI) SEARCH

1. Push the **BLUELINK** button and when prompted say, “NEW DESTINATION”

2. Say the name of the POI, category or street address. Example: say the name “HYUNDAI”

3. Up to five nearby choices can be provided if the first match is not desired. Say “NEXT” to hear multiple matches or proceed to Step 4

4. Say “DOWNLOAD” if it is the POI you requested or say “TRY AGAIN” if unable to find your POI

5. Vehicle with standard audio system will provide turn-by-turn directions. Vehicle with navigation system will display instructions on screen to proceed further with route guidance instructions
After pairing is completed, transfer of the contact list to the audio system will begin (if your phone is supported). The downloaded contact list may start with either first or last name depending on the phone make and model.

Some phones may request approval to download contact list* to the audio system (If approval is not granted, the phone may frequently disconnect or not download contact list).

This process may take a few minutes depending on the phone make, model and number of entries in the contact list.

If your phone prompts permission for the vehicle’s audio system to access your contacts and call history, ensure the check box is marked to “Always allow” or “Don’t ask again.” This will allow the phone to automatically connect to your vehicle and Voice Recognition will have access to your contact list.
